Description	<p>Healthy Basket started in 2001 as a project by the American University of Beirut to improve Lebanese farmers’ livelihood in rural areas, preserving the environment and protecting human health by adopting organic agriculture as a key strategy, closely supervised by two certification bodies: the Lebanese “LibanCert” and the Swiss “Bio inspecta”.</p> <p>Les artisans de l'olivier is a program of Healthy Basket, a socially responsible business specialized in marketing and promoting organic agriculture. The program works directly with certified olive growers and presses to produce a line of artisanal, organic olive oil that carries the essence of the region in which it was produced.</p> <p>The certified organic olive oil is presented in a gift pack of three bottles each from a region from Lebanon.</p>
Brand name	Les Artisans de L’Olivier
