Description TRADITIONS DU LIBAN is a new line of Lebanese regional extra virgin olive oils. The oil comes from cooperatives of farmers or family olive groves located in such regions as Koura, Akkar, Zgharta and Batroun, Hasbaya, Marjeyoun and Rashaya corresponding to the geographical areas of Lebanon where olives have grown for thousands of years. Following the age-old tradition of hand harvesting and cold pressing sumptuous olives from family orchards, each regional oil offers a unique flavor, reflecting the elevation, soil and sun characteristics of the area.
